

The laser marking should be on the bottom and readable from up according to the original.

- IKEA word mark including the registered trade mark symbol
- Country of origin
- Supplier no.
- Date stamp
- Food contact symbol

Font: Verdana

The marking can be adjusted proportionally to fit each different type of glasses.
It's important that the marking is still readable after adjustment.

The marking shall comply according to the specification IOS-M-0003.
