### From sofa to bed with one click

Thanks to the simple click mechanism, you can transform NYHAMN sofa-bed from a sofa into a spacious bed (and back!) in an instant. You don't need to remove the cover, just pull the underframe upwards and push the backrest down. The space under the sofa-bed fits storage boxes where you can store bedlinen, pillows and quilts. Perfect for compact spaces like student apartments and summer cottages – or if you just want to make it really easy for guests to stay overnight.

### Choose comfort and style

You can choose from two different mattresses for NYHAMN sofa-bed – one with pocket springs and one with foam – both provide your body with support where needed and help you to relax. No matter which one you choose, you'll get a mattress that's great for sitting and sleeping on, both day and night. There are several covers, so you can choose a style that you like. Maybe get a few to switch between? The covers are removable and machine washable.

# HOW TO CONVERT

You don't need to remove the cover. Simply lift up the seat and push it backwards – click! Then fold down the seat until you have a flat sleeping surface. That's how easy it is

to transform NYHAMN from a sofa into a 140×200 cm bed. When you want to transform it back into a sofa, first lift up the seat and then pull it down again. Ready in an instant!

# COMFORT MATTRESSES

## **NYHAMN foam mattress**

A firm, yet supple polyurethane foam mattress that will provide your body with both support and sleeping comfort. The mattress is 10 cm thick and has a removable and machine washable cover.

## **NYHAMN pocket sprung mattress**

Individual pocket springs provide posture support where you need it at the same time as they relieve pressure on your shoulders and hips. Your muscles can be relaxed and you can enjoy a good night's sleep. The mattress is 11 cm thick and has a removable and machine washable cover.

### Our fabrics have been tested

At IKEA we test the fabric covers on our sofas and arm-chairs so you can be sure they're durable. The fabric's ability to resist abrasion is tested by using a machine to rub it against another fabric while applying firm pressure. A fabric that can take 15,000 cycles is suitable for furniture that must withstand everyday life at home – and if it can take more than 30,000 cycles, it is very resistant to abrasion. All fabrics are sensitive to sunlight, which is why we also check that our fabrics resist fading effectively.

### Durable in different ways

Tough tests are an important way to check the durability of our fabric covers, but they don't tell the whole story. Durability also depends on materials, construction and manner of use. Heavy, tightly woven fabrics with a flat surface are most resistant to abrasion. Fabrics with a mixture of natural and synthetic fibres can withstand abrasion better than fabrics with only natural fibers. Yarn-dyed fabrics are more durable than fabrics with printed patterns. And a dirty cover wears out faster than a clean one. The fabric is also affected by how you use your sofa of course.

	<b>Washing instructions</b>	<b>Resistance to abrasion (cycles)</b>	<b>Light fastness (0-6)</b>
KNISA	Machine washable at 40°C	40,000	5-6
HYLLIE	Machine washable at 40°C	30,000	5
SKIFTEBO	Machine washable at 40°C	35,000	5
