

BUYING GUIDE

ALGOT

Storage across the home

DESIGN

Francis Cayouette

QUALITY

Designed for use throughout the home. ALGOT shelves are hardwearing, stain resistant and easy to keep clean. Brackets are made of high-strength steel and can support heavy loads.

SAFETY

Floor-standing solutions with baskets must be secured to the wall, unless fitted with castors. See page 12 in this buying guide for information about which frames can be fitted with castors.

Different wall materials require different types of fixing devices. Use fixing devices (sold separately) suitable for the walls in your home.

Also please note that different wall materials are able to support different loads of weight. For instance, walls made of plaster cannot support as much weight as walls made of wood, concrete or brick.

If you have any doubts regarding what kind of walls you have in your home, how much load they can carry or how to securely fix ALGOT onto your walls you must contact a specialised local dealer for advice.

From sorting clothes in the laundry room to organising coats in the hall and storing tins and jars in the pantry – ALGOT is designed to work across your home.

Brackets, shelves and other accessories simply click into place, which means assembly is a cinch. It also means ALGOT can easily adapt and change, just like your life does. Need more storage in the wardrobe for a new family member? Add baskets. Want to rearrange your laundry room? Shelves move easily. Need more workspace? You can use the deepest ALGOT shelf as a desktop. With ALGOT there's a solution for every storage need.
