Bed frames

A complete bed frame with mattress consist of these parts:

1. Choose a bed frame and size.
2. SKORVA midbeam is needed for most double beds. It is included in the price of the bed frame, but is picked up separately in the self-serve furniture area.
3. For most bed frames, you will also need to choose a slatted bed base.
4. Choose a mattress or use the one you have at home. You can find the best one for you in the mattress studio.
5. Add a mattress pad of your choice for a softer sleeping surface.

Slatted bed bases

Combined with a bed frame, slatted bed-bases can be used as a base for spring, foam and latex mattresses. They help your mattress last longer and stay comfortable by absorbing most of the stress and weight placed on your bed.
