Quality, design and smart details

The NORDLI series is distinguished by high quality and clean, contemporary design that makes it a stylish choice for the bedroom. It has smart details, like soft-closing drawers, a bed frame with storage and hidden cable management in the bedside table. The series also includes different modular chests that you can combine to perfectly suit your space. The chests offer super-flexible storage – not only for your bedroom but for other rooms, too – like the living room, hallway or even your business.
