PLATSA

Storage system

CARE AND CLEANING

Wipe clean with a cloth dampened in a mild cleaner. Then dry with a clean, dry cloth.

ASSEMBLY

IMPORTANT: 2 persons are required to assemble this furniture safely.

With the PLATSA series you can create media, sleep and storage solutions for both small and large spaces across your home. The modular system consists of open, lightweight frames that you can combine as you like. You can build high or low. Under a sloping ceiling or along an entire wall. Then you easily add doors, shelves, wire baskets and hooks as needed. If your needs change, you can easily rebuild or complete with new features.

All the products (shown here) may not be available at the store. Please contact the staff or look at www.IKEA.co.id for more information. For more detailed product information, see the price tag and the Internet. All units require assembly. IKEA Indonesia reserves the right to adjust our prices, to correct price errors or misprints according to any changes beyond our responsible control. IKEA Indonesia tries to ensure that all information stated is correct at the time of publishing.

Storage and media solutions

The different sizes of frames makes PLATSA a modular system that creates flexibility in your home. Build a solution under your staircase, around a window or above a door, the possibilities are many. By combining frames from the PLATSA series with items from the HJÄLPA and LÄTTHET series of interiors and exteriors, you can create exactly the solution you need. You can also choose one of our suggested combinations and add or remove interiors and exteriors as you wish. Whatever you choose, the result is a solution to suit both your home and your storage needs.

Easy assembly and disassembly

Thanks to the wedge dowel fitting the PLATSA frames are quick and easy to assemble and disassemble, making it easy to bring your storage solution with you when you move. Just click the pieces together, no tools needed.

Safety

For safety reasons, always attach PLATSA frames to a wall. Since different wall materials require different fixing devices, these are sold separately. If you stack several PLATSA frames on top of each other, you need to attach the frames placed at 3 metres or above to the wall using LÄTTHET suspension rail. Also, use LÄTTHET suspension rail for PLATSA frames that are being mounted hanging on the wall. Warning! Do not hang PLATSA frame with depth 55 cm on a wall. It must be placed standing on the floor or stacked on another floor standing frame.

PLATSA TV bench

Max load on the top: 30 kg. This furniture shall not be hung on the wall. It must be attached to the wall with the enclosed wall fastener.

Integrated lighting

Make it easier to see what you need and find your favourite outfit faster with integrated lighting for your wardrobe. No more bright lamps or waking your partner to find things in the morning. Instead, you can start your day in a pleasant way as you open your wardrobe and the soft light switches on.

STÖTTA LED lighting strip, battery-operated, white. Developed with PLATSA in mind. The light switches on and off automatically when you open or close the door, so no energy is wasted. Ideal for behind hinged or sliding doors and in drawers to light up what you need to see without disturbing others. Batteries are sold separately; 4 pcs AA required (2 for 32 cm version). IKEA recommends LADDA rechargeable batteries. With new, fully charged LADDA AA 2450 mAh rechargeable batteries, one charging will last approx. 1.5 months if the lighting strip is used 5 minutes per day.
