# SOLLERÖN

Outdoor Living Furniture Series

## Customise your outdoor sofa

SOLLERÖN is a series of outdoor lounge furniture which consists of various sections to use individually, or combine them to create a modular sofa that suits you. Do you want a cosy corner to curl up in? An outdoor sofa for two? Maybe a long sofa to stretch out on and read? Or a comfortable seat for casual dinners? It's easy to disconnect the sections and reconfigure them in a new way. Or skip a sofa entirely and create seating with several armchairs. The choice is yours!

## Comfortable and easy to care for

The SOLLERÖN series is made of handwoven plastic rattan with the same look as natural rattan. It's weather resistant and easy to care for – mild detergent and water are all you need. Add HÅLLÖ or FRÖSÖN/DUVHOLMEN seat and back cushions for great comfort, and use decorative cushions like FESTHOLMEN and SÖTHOLMEN to personalise your sofa. The covers can be removed and machine washed. There's also practical storage under the seat.

## PROTECTING AND CARING FOR SOLLERÖN

The best way to extend the life of your outdoor furniture is by cleaning it regularly and not leaving it outdoors unprotected more than necessary.

### Cleaning

Wipe clean with a mild soapy solution. **HÄLLÖ** and **FRÖSÖN** cushion covers are removable and machine washable.

### Maintenance

Requires no maintenance.

### Storing

If possible, store **SOLLERÖN** products in a dry and cool place indoors. When stored outside, tilt the furniture and preferably use waterproof covers. Make sure air can circulate to avoid condensation. In freezing temperatures, plastic can weaken and is not recommended for use.

### Repairing

The steel frame is protected from rust with a powder coating of plastic paint. If for some reason the coating comes off, the steel is not protected and rust may occur. To repair the damage, wipe clean and repaint to restore protection.

### Note!

The **SOLLERÖN** coffee table top is made of tempered glass. Handle the glass with care. A damaged edge or scratched surface can in exceptional cases cause the glass to crack suddenly. However, never into sharp fragments, only into small pieces. Avoid collisions from the side – this is where the glass is most vulnerable. Also, the table is not intended to support a parasol, such as those that clamp to the edge of the table.
